

# E2S UPPA - Governance

To ensure the success of E2S UPPA, a specific governance, distinct from those of the consortium institutions, has been set up.

The project is run by the Executive Director of E2S UPPA Management Board, proposed by the President of UPPA and designated by the Board of Trustees.

The governing bodies are as follows:

- \* the board of trustees
- \* the external scientific committee
- \* the management team
